REFERENCE

To whom it may concern

Dear Sirs,

With this reference we confirm that INOS 1 LTD was hired as Contractor of construction and installation works for Rough construction, underground and roof thermal insulations and waterproofing for project "Multidisciplinary Hospital for Active Treatment "Vita", located in RLP III-1787 for hospitals, hotel and offices, city of Sofia, district of Lozenets, under Contract concluded on 8th of May 2015 and subsequent annexes to it for execution of additional construction and installation works, namely: structures of facilities outside the building - retaining walls, external staircases and ramps and entrance canopies; Site W&S nets; delivery and installation of exterior windows and aluminum suspended façade, design of fortification structure of factory gabions.

The contract was made under very tight construction program and demanding quality work.

According to the contract signed on 29th of March 2016 INOS 1 LTD was assigned to execute construction and installation works for the construction of ventilated facades, including ceramic and stone cladding and finishes with "Etalbond", thermal insulated facade system with silicone plaster, scaffolding, airducts at north facade of the building of the hospital.

The project was also set in tight work schedule with a high degree of complexity.

Our relationship with INOS 1 LTD until now allow us to confirm that they are expressed as a competent and professional organization. In the circumstances, which were often difficult, the management of INOS 1 LTD has made effort to work in a way satisfying to the highest degree the interests of the Client. It was applied conscious and constructive approach to the problems that arise, without emphasizing the use of the situation for their own material gain.

INOS 1 LTD executed its works with a high standard and in a professional manner in compliance with regulatory requirements.

Contracts were finished 15.03.2017.

The final value of the performed construction and installation works is 3 223 409 BGN, VAT excluded.

Based on our experience until now we would not hesitate to recommend INOS 1 LTD as quality construction contractor.

Best regards,

On behalf of VITA ENGINEERING EOOD

Eng. Botyo Stoynov
